

Marvel in the beauty of Iceland with your Travel Counsellor

11th February 2022 – 14th February 2022

Day 1: Arrival, Welcome Dinner & Northern Lights

Welcome to Iceland! On arrival in Iceland, you will be transferred by private coach from Reykjavik airport to your hotel, Storm Hotel. The transfer takes approx. 50 minutes.

Once you have checked in to your hotel you will have a couple of hours to get your bearings and some free time before we meet in the evening for a two-course welcome dinner at Restaurant Reykjavik. After our meal we will stroll over to the harbour to board your Northern Lights Cruise.

Northern Lights Cruise

You are about to embark on a mission to see the Northern Lights, which are undoubtedly one of the most beautiful celestial displays found in nature. Northern Lights are best displayed under dark, clear skies. It is therefore important to leave the city lights of Reykjavik. The cruise will last approx. 2 hours and on arrival back into Reykjavik you will be transferred back to the hotel.

Day 2: Blue Lagoon

The day will begin with breakfast at the hotel before our transfers arrives to transport us to the Blue Lagoon. The Blue Lagoon is considered one of the New Wonders of the World. Enjoy a relaxing visit in the geothermal waters rich with three active ingredients – Silica, Algae & Minerals.

Entrance includes a Silica Mud Mask, Towel and 1 drink of your choice.

On arrival back into Reykjavik you will be free to explore what Reykjavik city has to offer.

Day 3: Golden Circle by Super Jeep & Snowmobile

We begin day three with breakfast before our transfer arrives to take us off for an action-packed day.

The Pearl, a Golden Circle Super Jeep tour and Snowmobile tour is an Iceland adventure where you will experience some of Iceland's most famous and exciting natural phenomena by exploring the Golden Circle. This is topped off with an unforgettable snowmobile tour on Langjökull glacier.

If you want to experience Iceland's most popular locations in the privacy of a small group, this is the way to do it.

The first stop is Þingvellir National Park, one of Iceland's most significant historical sites. It is the home of the country's first parliament which was founded in 930 A.D. and is the oldest extant parliamentary institution in the world.

From Þingvellir, we head inland towards the highly active Geyser Hot Spring Area with its boiling mud pits and spouting hot springs.

We then continue on to Gullfoss, one of Iceland's most powerful waterfalls.

To top it all off we drive towards Langjökull glacier where we will dash across the snowfields on snowmobiles while gazing at the peaks and ice surrounding us.

We will then be transferred back to our hotel.

Please note day three is a 10 to 12 hour day.

Day 4: Departure

Sadly it is time to say goodbye to Iceland and take your transfer by private coach from the hotel to the airport.

The transfer will take approx. 50 minutes.
