Demystifying Technology for Businesses

Business in a Box

Are you a solo entrepreneur, micro-business, or a business start-up? Are you stuck for time or at your limits with your IT? Our Business in a Box includes:

- **Domain**
Your domain is your address on the internet. Our Business in a Box provides you with a .co.uk or .com domain. This gives your business a professional internet presence.
- **Microsoft 365 Subscription**
The Business Basic package has the mailbox and online Office applications. Business Standard comes with the mailbox and the desktop apps for your machine. Business Premium includes the mailbox, applications and worry-free oversight and control of your company's devices.
- **Remote Device Monitoring and Security Updates**
Business in a Box ensures that your Windows or MacOS device is kept up to date with security updates, and any issues such as low disk space are monitored and acted on promptly.
- **Cyber Security and Backup**
ESET Endpoint Security combines Anti-Virus, Malware Protection, E-Mail Protection, and Web Browser Protection. Along with CloudCover365 to back-up your Microsoft 365 Mailbox and OneDrive contents you can rest safe in the knowledge that your data is protected.
- **Helpdesk**
If you have any IT related issues our Helpdesk is only a click, email, or call away. Business in a Box includes a minimum of 5 helpdesk incidents per month.
